

Chinese Transporter

Instruction Manual

Suitable for children over the age of 3

WARNING: choking hazard

Instruction Manual

By: Alyssa Jacobson, Kristin Wolfe, Devin Belnap, & Kara Warwood

Created using Adobe InDesign CS5

Parts You Will Need:

-  2 Orange washers (circular interior)
-  4 Orange washers (square interior)
-  5 Orange caps
-  2 Orange wheels
-  1 Orange connector
-  5 Wooden wheels
-  8 White plugs
-  2 Yellow squares
-  1 Green rectangle
-  8 Yellow sticks
-  4 Blue sticks
-  1 Red sticks

Part 1: Building Front Car

1.1 Attaching Axles to the Base

Insert yellow stick into one side of the green rectangle at the last hole. Repeat with the other yellow stick on opposite side.

Insert white plug into one side of the green rectangle at the last hole on the other end. Repeat with the other plug on the opposite side.

1.2 Attach the Wheels

Attach one wheel to each yellow stick and to each white plug.

1.3 Building the Driver's Cab

Insert 4 blue sticks into the top of the green rectangle on the side closest to the white plugs forming a square.

1.4 Attaching the Roof of the Driver's Cab

Attach yellow square to the tops of the four blue sticks.

1.5 Building the Pivoting Hitch

Insert yellow stick into middle hole opposite of the cab on the green base. Slide a wheel down the stick and top off the yellow stick with the cap.

1.6 Headlights

Insert both white pins into the front holes of the rectangular base on the cab side. Attach the circular washers onto the pins.

You have completed the Front Cart!

Part 2: Building the back cart

2.1 Building the passenger compartment frame.

Put cap on one end of yellow stick, and from the other end slide the square orange washer until it meets the cap. Repeat 3 times for a total of 4 sticks.

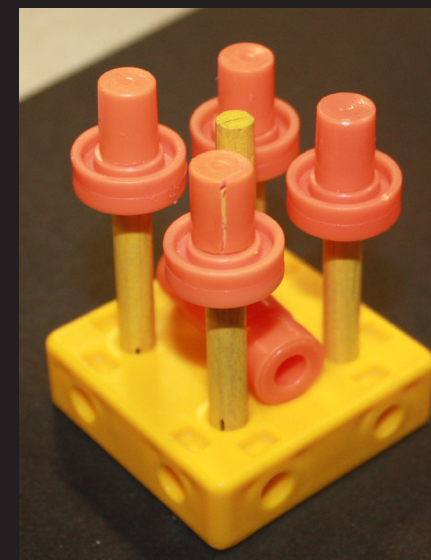

2.2 Building the "Sleeping Chinese Man"

Slide a yellow stick through the hole of the orange connector.

2.3 Inserting Framework and Passenger

Insert the sleeping man into the center hole of the yellow square. Place the poles of the frame into the outer four holes on the top of the yellow square.

2.4 Attaching the Wheels and Axles

Attach 1 white plug into a side hole at one end of the yellow square. Attach the other white plug into the hole opposite of the first. Attach the orange wheels to the plugs.

2.5 Inserting Tail lights

At the side of the yellow square with the wheels, insert the white plugs into the back of the cart for the tail lights.

You have completed the the passenger cart!

Part 3: Final Assembly

3.1 Attaching the Carts Together

Insert one end of the red stick into the wheel (pivoting hitch) on the green cart. Insert other end of the red stick into the left hole of the yellow square opposite the tail lights.

Enjoy the ride!
